

FilSilPek®
Pack Faster

Induction Sealing Capping Machine

High sealing speed, suitable for volume-produce Convenient for use, good sealing quality, work continuously Ejection plastic iron housing.

Application

- Agriculture.
- Food Industry.
- Pharmaceutical.
- Cosmetics.
- Household Cleaning.

Features

- No foil detection system.
- Easy line relocation.
- Plug and play system.

Specification

- Output/Hour :- 1800 to 2400**
- Power :-1.5 KW .
- Direction of Movement :- Left to Right.
- Conveyor speed :- 0-12 Mts./Min.
- Bottle Diameter:- 30-50 mm.
- Bottle Height:- 10-300mm.
- Size :-900mm x 600mm x 1500 mm.
