

Semi Automatic Cream Filling Machine JET-CF30

Features & Advantages

- Simple Design.
- Lower initial cost.
- Minimum Labour Requirement.
- Semi Automatic Cream Filling Machine gives Up to 30 Fills Per Min depending upon the container size and the product characteristics.
- Better efficiency.
- Accurate weight control.
- Low wastage of material.
- Capability to handle wide range of products & pack sizes.

Total Powers	Speed	Product	Filling Quantity	Filling Type	Dimensions of Machine
1 kW	15-20 fills per minute (Depending on the fill quantity, product and efficiency of the operator)	Honey, Cheese, Liquid Chocolate, Jam ,Jelly, Sauce, Ketchup, Ointment, Cream, Lotions, Sun Screen, Shampoo Cake batter.	10 Gm-1 Kg (with The Help of Change Part)	3 - 4 CFM (optional)	700(L) x 1400(W) x 2000(H)
