

Automatic Small Volume Vertical Packing Machine (F-S219)

Main Feature:

1. Automatic realizes the process from filling, measuring and sealing.
2. Three pairs of vertical sealing wheels are for preheating, pulling and sealing.
3. Pot line or straight line for the choice.
4. PLC control system ensures the stable running condition and easy for the maintenance.

Applicable Products:

Coffee, Milk tea, seasoning flavorings, milk powder, mask powder, F&V powder, health product, pesticide powder, etc.

Technical Parameters:

Model	F-S219	
Bag size	Length:50-210mm	1. Width:30-110mm
		2.width:30-150mm
		3. width:30-180mm
		4. width:30-200mm
Packing speed	20-120 bags/min	
Measuring Volume	1-200g	
Packing Materials	PET/PE,PET/AV/PE, NY/AL/PE,NY/PE, any hot sealing film	
Power	4kw	
Machine Dimensions (mm)	1400*1000*1670(L*W*H)	
Packing type	Back seal, three side seal, four sides seal	
Net weight	400kg
