

CJ-WL Series Horizontal Auger Filler

Description:

- This machine equips with Panasonic Servo Motor, level switch and mixture motor automatic filling, controlled by packaging machine.
- Made by Stainless Steel.
- 60L Split hopper for easy clearing;
- With level sensor to control the powder automatic feeding;
- With servo motor to control the vertical screw feeding in accuracy;
- Siemens PLC & Touch Screen;
- Schneider electronics.
- 3Phase motor for hopper agitator;
- Frame & Contact parts be made by 304 S.Steel.

Parameter:

Model/Type	Hopper size	Weighing Range	Filling speed	Accuracy
CJSL200/Vertical Auger	20L	5-200g	Max 60time/min	+/- 0.5-2g
CJSL2000/Vertical Auger	60L	50-2000g	Max 60times/min	+/- 1-5g
CJSL5000/Vertical Auger	80L	200g-5000g	Max 50times/min	+/- 1-8g
CJL25K/Vertical Auger	90L	5-25kg	2-4times/min	+/-10-50g
CJ-WL25/Horizontal twin Auger	90L	5-25kg, 20-50kg	3-6 times/min	+/-10-50g
