

## *Multifunction Automatic Mixed Nuts Packaging Machine SF-280DL*

Multifunction automatic mixed nuts packaging machine is suitable for food industry particles, powder, liquid, sauce and particle powder material combination of measuring packaging.

Fill free-flowing grains, pulses, seeds, salt, tea powder, coffee beans, maize, coffee powder, nuts, candies, dried fruits, pasta, vegetables, snacks, pet food. There are many kinds of material mixes, powder and particles can be packaged together.

### **Features**

1. It can automatically complete bag-making, metering, blanking, sealing, cutting, counting, and configure printing batch number according to customer requirements.
2. Touch screen operation, PLC control, driving stepper motor control bag length, stable performance, easy to adjust, accurate detection. Energy type temperature controller, PID
3. Packaging materials: propylene, polyethylene, aluminum foil, polyethylene, polyester, aluminum, polyethylene, nylon, paper, polyethylene etc.

**Specification:**

Packing size	L: 30-170 ; W: 30-140mm
Packing speed	30-80bags/min
Machine size (L*W*H)	1450(L)*1050(W)*1900(H)mm
Film material	OPP/CPP, OPP/PE, CPP/PE
Machine weight	400kg
