

Horizontal Pillow Type Packing Machine DZB-280

Product Feature

1. Computer controller programming and photoelectric sensor tracing.
2. Frequency converter control speed and ensure stable running.
3. Excellent performance, simple operation and high-speed package.

Application

Automatic packager is applicable for pillow type package of biscuit, chocolate, moon cake, bread, popsicle, yolk pie, soap, card, ect.

Technical Parameters:

| | |
|---------------------|---|
| Product name | DZB-280 High-speed semi-automatic pillow type packer |
| Product model | DZB-280 |
| Packing Speed | ≤ 280 pics/min |
| Main Function | Packing chocolate/candy |
| Keyword | Wrapping machine |
| Material | Stainless Steel 304 |
| Product Dimensions | Length:70-300 Width: ≤ 260 Height: ≤ 50 |
| Air Supply | 0.6 MPa |
| Usage | Biscuits, cake, bread, chocolate.etc |
