

## YCW-C Heavy Weight Check Weigher Easy Weight

The machine can automatically reject underweight and overweight products from the line.

**Application:** to weigh products automatically, suitable for inspecting the weight of single products, as well as for inspecting the whole carton for missing items.

### Technical Parameters:

Checking range	Kurang dari atau sama dengan 1 kg
Accurancy	$\pm 2.0 \text{ g} - \pm 5.0$
Minimum scale	0.1 g
Throughput	20-110 m/min
Optimal throughput (pcs/min)	120
Suitable product dimension (mm) L	80-400
Rate Power (Kw)	1.2
Compressed Air	0.6-1Mpa
Nozzle Connector Type	$\text{Ø}8 \text{ mm}$
Control Module	High speed A/D Sampling Module
Product Preset	99
Rejecter	Pusher
Dimension (L x W x H) mm	1529x720x1288
