

DYCS-1/2/10 Electronic Quantitative Multi Head Weighed Packing Machine

Using for rationed packing of particle and powder materials such as washing powder, salt, seeds, sugar, etc.

Advantage:

1. Electronic balance weighing
2. Microcomputer control
3. Stainless steel structure
4. Manual bag feeding, auto weighing

Specification:

Model No.	Range of Weighing(g)	Precision (g)	Packing Speed (Bag /min)	Power Supply	Power(W)	Weight(Kg)	Dimension(mm)
DYCS-1	25-1000	$\leq \pm 2$	18-25	220V/50-60hz	150	120	710x810x1800
DYCS-2	50-2000	$\leq \pm 4$	15-25		250	150	710x840x1800
DYCS-10	1000-10000	$\leq \pm 15$	8-18		300	190	1010x840x1950
