

XZB Series Flow Wrapping Machine

Flow wrapping machine is used to wrap food, cosmetics, soaps, medicines, etc.

Wrapping speed and bag length are adjustable.

It can connect with the front equipment with 4 stage conveying feeder.

Each sealing temperature is controlled independently, suitable for many wrapping materials.

With HMI and PLC, it is easy to operate.

Specifications:

Model	XZB320	XZB380	XZB450	XZB500
Wrapping speed(pcs/min)	35-180	35-180	50-150	35-350
Wrapping size(mm)	(90-240)*(30-130)*(5-45)	(115-280)*(35-160)*(5-60)	(90-500)*(20-140)*(10-60)	(70-220)*(35-99)*(5-50)
Wrapping film width(mm)	65-300	65-300	450-590	65-300
Power(kw)	3.4	3.4	4	4
Overall dimension(mm)	4000*950*1600	4000*950*1600	4680/960*1550	3900*770*1500
Weight(kg)	1000	1000	1000	750
