

Continuous Sealer 28cm Wider Belt SMT-980WK

KUNBA brand series film sealing machines are suitable for sealing and bagging various plastic films. They are widely used in food, medicine, chemicals, local products, electronic components and other industries. They are the best sealing equipment for factories, shops and other departments.

Features Overview

- Adjustable printing position temperature and speed
- Cooling fan protect film from wrinkle
- Durable heater and motor
- Work smoothly without wear and tear
- Print 3 lines with ink
- Vertical and horizontal double-use

Technical Parameters

Model	SMT-980WK
Power Supply	AC220/50Hz 110V/60Hz
Power Consumption	80W
Heating Power	280Wx2
Sealing Speeds	0-28m/min
Sealing Width	10mm
Temperature Range	0-300°C
Conveyor Loading	≤10kg
Shipment Dimension	980x580x390mm
N.W&G.W	39.5kg/32.5kg
