

SH-AFC7 Desktop Monoblock Eyedrops Small Juice Bottle Glass Vial Essential Oil Filling Capping Machine

Integrate bottle unscrambling, filling, cap feeding, and cap tightening into one machine, we minimize work space. It is equipped with magnetic pump, which has high filling accuracy. This machine is good for cosmetics, daily chemical industries.

Main Feature

- ▶ It can sort bottles, fill liquid, feed caps and tighten bottle caps automatically.
- ▶ Small machine body saves working space.
- ▶ It is suitable for filling essential oil, eyedrops, perfume etc.

Parameter

- Machine power: 1000W
- Machine voltage: 110/220V 50-60HZ
- Filling pump: Magnetic Pump
- Recommended filling range: 10-200ml
- Pump maximum flow rate: 4L/min
- Suitable bottle height: About 10-100mm
- Suitable bottle diameter: About 15-100mm
- Suitable cover size: $\varphi=10-50\text{mm}$
- Working speed: About 30 bottles/min
- Machine size: About 98cm*82cm*96cm(machine)
- About 51cm*72cm*62cm(vibratory bowl sorter)
- Machine weight: About 150+71kg
- Package size: 1060*750*1060mm+750*550*590mm
- Package weight: 175kg+90kg
