

STB-10A

Tea Bag & Film Envelope Packing Machine

Combine a filter tea bag, string and tag with an individual three-side-sealed outer pouch in a compact integrated production setup.

Finished package

Filter tea bag with string, tag and film envelope

The finished pack is an individually wrapped tea bag. Automatic cartoning is separate from the reference machine.

Representative pack image

STB-10A | Reference specifications

Dosing system	Volumetric cup filler
Reference dose	1-5 g; actual range depends on tea density
Inner bag size	47-70 mm long x 40-80 mm wide
Outer envelope size	70-120 mm long x 60-90 mm wide
Outer seal	Three-side seal with easy-tear notch
Tag size	20-24 mm x 20-24 mm

Actual output, accuracy, materials, utilities and optional equipment must be confirmed in the project technical agreement.

For configuration review: provide tea samples, target dose, bag dimensions, packaging material, required output and destination electrical supply.
