

## **CM-ZB-3 Shrink wrapping machine**

Shrink wrap machines apply heat to shrink a plastic film around a product. This process is often done by automated equipment, but manual and semi-automatic shrink wrap machines are also available. Shrink wrap machines cover the item, and then sent it through a heat tunnel or oven for shrinking.

### **Technical Parameters:**

<b>Model</b>	<b>CM-ZB-3</b>
Power supply	380V 50Hz 13KW
Air pressure	4kg/cm <sup>2</sup>
Conveyor speed	0-18m/min
Package Size	L600mm(max) W400mm(max) H500mm(max)
Table height	750mm
<i>*notes: Technical data subject to variations without prior notice Output depends on the operator and type of the package</i>
