

GT-800K Granule Packing Machine

GT-800K granule packing machine adopted advanced photo electricity track planet differential compensating mode and automatic constant temperature control mechanism, which makes our machine has very fast packing speed. Automatically finish whole packing processes of bag making, computation, filling, sealing, cutting, counting and heat pressing batch number on the bag. It can be used for various compound packing materials.

Technical parameters:

Model	GT-800K
Bag length	100-550 (mm)
Bag width	120-290 (mm)
Film width	260-600 (mm)
Filling volume	250-5000 mm
Packing speed	20-60 (bag/min)
Power	3.5 (kw)
Air source	0.65 (mpa)
Air consumption	6 (m ³ /min)
Size	1180×1890×2460 (mm)
Weight	800 (kg)
