

## Fully Automatic Powder Filling Packing Machine PL-320

Automatic completion of measuring, bag making, filling, sealing, cutting and printing codes.

This machine can pack fine Powder, such as milk powder, flour, soybean powder, coffee powder, medicine powder, etc

1. adopts the advanced PLC control system, touch screen in both Chinese and English, and automatic completion of measuring, bag making, filling, sealing, cutting and printing codes.
2. adopts the stainless steel 201 for the machine's mainframe, and stainless steel 304 for the parts touching supplies, which has a very good effect of anti-rusting, so guarantee the products clean and sanitary, and also greatly prolong the machine's life-span.
3. Fully sealed for the machine mainframe, keep the powder supplies clean and sanitary.

### Specification:

| Model         | PL-320                      |
|---------------|-----------------------------|
| Filling       | Auger filler                |
| Bag style     | Back sealed bag, pillow bag |
| Volume/bag    | max 500g                    |
| Bag size      | L80-200mm, W50-150mm        |
| Packing speed | 10-30 bags/min              |

|                |   |
|----------------|---|
| Control system | PLC+ touch screen   |
| Material       | stainless steel   |
| Pneumatic      | 0.8Mpa, 0.3cmb/min  |
| Voltage        | 380V, 50Hz,3P/ 220V, 60Hz, 3P                                       |
| Weight         | G.W. 650kg  |
| Dimension      | L1400*W1140*H2460 (mm)  |
| Power          | 3.0KW   |
| Film material  | Paper/polyethylene; cellophane/polyethylene;                        |
|                | Plated aluminum/polyethylene; BOPP/polyethylene; nylon/polyethylene |
