

## *BY-60YJ Vertical Paste Packaging Machine*

Suitable for automatic packaging of food, medicine, fluid materials of chemical industry products, such as Jam, Tomato sauce, Mashed garlic etc..

### **Feature:**

- Compact structure, solid, reasonable design, Introduction.
- Single-chip optical control system, reliable, stable performance.
- Speed, high precision, low noise.
- Automatic measuring, filling, bag making, date printing to the products at once.

### **Technical parameters:**

Model	BY-60YJ
Packing type	Back seal
Packing width	30-100mm
Packing length	40-155mm
Packing volume	2-50ml
Packing speed	40-60bags/min
Power	1100w
Machine weight	160kg
Machine size	750*630*1600mm
