

Manual Blister Packing Machine BM-III

BM-III blister packing machine is designed for small pharm factory, healthcare plant, food plants and preparation rooms, which can be used to pack solid drugs like a capsule, tablet, gelatin pearl, suppository, milk tablet, candy, and hardware.

Description

BM-III blister packing machine is designed for small pharm factory, healthcare plant, food plants and preparation rooms, which can be used to pack solid drugs like a capsule, tablet, gelatin pearl, suppository, milk tablet, candy, and hardware. The whole set is of compact design, beautiful appearance, smooth operation, and low noise. It uses an internal heating method to ensure the PVC is evenly heated. There is no bubble in the aluminum foil while heating and hence no waste will occur.
