

Semi Automatic Flat Labeling Machine

Semi-automatic flat labeling machine Basic use Apply suction labeling method to label, realize labeling on the flat surface of various workpieces, such as cosmetic flat bottles, packaging boxes, plastic cap labeling, etc.

Technical Parameters:

Detail	Specification
Applicable Product size	Hight: 0.2-100 mm
	Width:20-150 mm
	length: 20-200 mm
Applicable outer diameter of label roll:	φ280mm
Applicable inner diameter of label roll	φ76mm
Labeling precision	± 0.5 mm
Labeling speed	15 ~ 35 pcs/min
Weight	about 48 kg
Frequency	50HZ
Voltage	220V
Power	145W
Overall dimensions of the machine (L x W x H):	850 mm x 410mm x 720 mm
