

LEB-350 Automatic Banding Machine

LEB-350 automatic high-speed packing machine is a new product developed by our company by absorbing foreign technology and combining it with foreign technology. It fills the gap between high-speed cartoner and packaging in pharmaceutical enterprises and can be linked to case unpacking machines, case packers, and realizing a complete packaging production line. The body and components of the equipment are all aluminum high-end advanced design, imported electrical components, PLC, man-machine interface operation, make the equipment operation process more stable and convenient, can be used in the pharmaceutical, food, cosmetics industries, the equipment complies with CGMP standards.

Performance characteristics:

- Packaging: Wrapped in strips.
- Packing speed: 15-25 packs/min (150-250 boxes) per minute
- Packing method; 1*10. 2*5.3*5.1*15
- Packing Size: Maximum 240*150*300(mm)
Minimum 50*60*90(mm)
- Packaging size: PE film (width 30-80mm, thickness 30-80um)
- Power supply: 220V/50HZ
- Total power: 1.5KW
- Air pressure: 0.6-0.8MPa
- Weight: 560KG
- Conveying size: 1200*250*800(mm)
- Host size: 1100*800*1700(mm)
