

Semi-Automatic Sealing Machine

This equipment is suitable for the sealing of various round specifications cans such as tinplate cans, aluminum alloy cans, plastic cans and paper cans.

Technical Parameters:

- Material: 304# stainless steel
- Number of cans: 1
- Sealing speed: 20~35 cans/min
- Sealing height: 50~200mm adjustable
- Roller material: Taiwan imported chrome steel
- Applicable bottle diameter: 35~100mm 100~130mm
- Voltage: 220V 50Hz
- Power: 1.3KW
