

Floor Type Piston Cream Pastes Filling Machine FG1WG

Description

Cream Pastes & Viscous Liquid Filling Machine

Application: Water, Juice, Milk, Oil, Cream, Lotion, Shampoo. etc

Filling Range: 5-100ml, 10-300ml, 50-500ml, 100-1000ml, 500-2500ml, 1000-5000ml

Features

220/110V 50/60HZ (if you need 110v, please inform us ,then we will make 110v for you)

- 1) Approximate Speed 20-40 pcs/min (depending on operator speed, product density, draw length, a fill speed, among others)
- 2) All Parts in Contact with Product are Food Grade (SS 304/316)
- 3) Stainless Steel Construction
- 4) Rugged Rotary Valve System Design
- 5) Pneumatic Operation
- 6) Silica gel O-ring System (can bear 200 Celsius degree)
- 7) Piston Feed Speed Adjustment
- 8) No-drip Option Included and Installed
- 9) Extremely Accurate (+/- 1%)
- 10) Easy to Clean and Maintain
- 11) Sanitary Stainless Steel Quick Disconnect Fittings
- 12) Quick Connect/Disconnect Pneumatic Fittings.

Control Panel

- 1) Semi Auto/Continuous Operation Selector Switch
- 2) Air Pressure Gauge
- 3) Air Intake Pressure Adjustment
- 4) Piston Volume Adjust

Parameter Date

Filling Range	5-100ml,10-300ml, 50-500ml	500-3000ml	1000-5000ml
Filling Speed	10-30pcs/min		
Air Pressure	0.4MPA		
Material	SS304(SS316 can be customized)		
Filling Accuracy	±1%		
Air Pressure Range	4-6kg/cm2		
Filling Head	Single Head or Double Heads		
Package Size(mm)	1100*600*1200	1300*600*1200	1500*700*1300
Package Weight	80KG	90KG	120KG
