

SFCZ-6 Automatic Weighing-type Liquid Filling Machine

Feature:

- Advanced HMI operating system, PLC control, automatic counting of incoming bottles, weighing and filling
- The equipment has high automation. Each filling head is equipped with the automatic feedback system for weighing to guarantee consistent measuring.
- All material contact parts are made of 316L stainless steel, and surface is made of 304 stainless steel, fully up to related food sanitation standard;
- The filling head is equipped with the special dripping-proof mechanism.

Application:

- It is used for weighing and filling of liquids in barrels for food, medicine, cosmetics and chemicals.

Technical:

Item	SFCZ-6
Filling range	10-25L
Filling speed	180-360 barrels/h
Filling precision	$\leq \pm 20\text{ML}$
Power	AC220V/50/60Hz 500W
Weight	1300kg
Pressure range	0.4-0.6Mpa
Host dimension	2300×1470×2530mm
