

Sachet Packing Machine Continuous Type Granule Packing Machine MZH-40AK

This Sachet Packing Machine Continuous Type Granule Packing Machine is applicable to the packaging of small particles such as instant noodle soup package, desiccant, infusion and broken tea

Details are introduced:

1. This sachet packing machine continuous type granule packing machine Can automatically complete bag-making, measuring, filling, sealing, cutting, counting and other functions
2. The Sachet Packing Machine adopts touch screen operation PLC control to change the bag length without changing the gear
3. **Packaging capacity:** 3-40 g(1.6-33ml)
4. **Packaging speed:** 40-80 packages per minute (depending on the characteristics of materials)
5. **Sealing form:** three-sided sealing
6. **Size: length:** 40-110 (mm),**Width:** 30-80 (mm) o (special size)
7. **Power source:** 220V/ 50Hz / 1.5kw
8. **Automatic Granule Packing Machine Weight:** about 320 Kg
9. **Dimensions:** 900*750*1750(mm) (l*w*h)
