

## *Milk Candy Production Line HTL-B1/B2*

Hard Candy Forming Machine output is 1-3T/8h, high-speed production capacity, speed can be arbitrary regulation. To produce various shapes of hard candy and milk candy. This machine is exquisite design is reasonable, simple operation, and the quality of steel and bearing drive, is the best choice of the loaf candy molding production.

### **Main Technical:**

- Output: 1-3T/8h/3-5T/8h
- Voltage: 380v
- Power: 2.2kw/3kw
- Weight: 650kg/1800kg
- Dimension: 1500\*1100\*1200mm/1680\*1200\*1450
