## 16&32 channel counting machine CZG100/16A, 32A

Fully automatic bottle fillings machine, max speed is up to 100~200bottle/min

### **Application:**

Mainly for pharmaceutical, health care and food industries.

### **Features:**

- be able to fill bottles. Widely used or pharmaceutical, health care and food industries.
- Fast filling speed, 16 channel of each can reach 40~110 bottles/min counting, 32 channel can reach 80~160 bottle/min
- Auto alarm when not enough bottles or any blockage.
- 3 stage constant vacuum suction system. The dust is removed when tablets dropping to guarantee precise counting and filling
- imported CKD pneumatic components.
- use IR(infrared ray)dynamic scan technology. Sensors can adjust light automatically to guarantee precise counting. Automatic alarm and stop.
- equipped with 10 inch touch screen, more information and clear picture.
- Convenient and easy to operate.
- imported PLC control
- comply with GMP standards
- equipped with overload protection function.

**Main data:**

<b>Model Data</b>	<b>CZG-100/16A CZG100/32A</b>	
Max speed (bottles/min)	10000 tablets/min 20000tablets/min	
No of channels	2x8 4x8	
Filling quantity per bottle	8~9999 8~9999	
Container dimension	Diameter	Ø30~ Ø75mm
	Height	40~250mm
Product specification	Thickness	3~10mm
	Diameter	3~15mm
	Length	3~25mm
Noise	<75dB	
Hopper volume	20x20L 4x20L	
Compressed air	0.5Mpa	
Power of supply	220V, 50Hz/60Hz	
Conveyor length	2400mm 3200mm	
Dimension	1160x1710x1800mm 2400x1710x1800mm	
Weight	Approx.. 700kg 1400kg
