

YCW150 Hi-Accuracy Check Weigher Easy Weight

The machine can automatically reject underweight and overweight products from the line.

Application: to weigh products automatically

Technical Parameters:

Checking range	Kurang dari atau sama dengan 3000 g
Accuracy	$\pm 1.0 \text{ g} - \pm 5.0$
Minimum scale	0.1 g
Throughput	20-110 m/min
Optimal throughput (pcs/min)	120
Suitable product dimension (mm) L	kurang dari atau sama dengan 400
Suitable product dimension (mm) W	kurang dari atau sama dengan 230
Weight belt dimension (mm) L	450-600
Weight belt dimension (mm) W	230
Rate Power (Kw)	1.3
Compressed Air	0.6-1 Mpa
Nozzle Connector Type	$\varnothing 8 \text{ mm}$
Control Module	High speed A/D Sampling Module
Product Preset	35
Rejecter	Swing Arm
Dimension (L x W x H) mm	4274x992x1255
