

DC-320F Sealing Filling Machine

Suitable for packaging of various kinds of powder products and small grains, such as milk powder, flour, detergent powder, sugar, coffee and juice powder, medical powder etc.

Various bag types are available, e.g. back-sealing bag, 3 sides seal bag, 4 sides seal bag, stick bag, linking bags, etc.

Machine features:

1. The automatic powder packaging machine can automatically complete the products of fasteners conveying, measuring, filling, bag making, date printing, heat sealing and cutting etc.
2. Servo motor driving system is adopted in the packaging machine.
3. To ensure the same length of each bag, high sensitive electro-optical sensor system is provide to the realize automatic a ligament on the packing film.
4. The packaging machine is equipped with a computer control system.
5. We have installed constant temperature heating system ensuring stable temperature and keep temperature is $\pm 1^{\circ}\text{C}$.
6. The electronic and pneumatic components of the machine are all supplied by reliable supplier cooperating with us for several years, which can ensure the quality of machine and save the cost of purchase meantime.
7. The bag size and packaging number can be customized by customers.

Specification:

Model	DC-320F		
Measuring From	Screw		
Sealing From	Back Sealing (Stick Type 3/4side Sealing)(Optional)		
Transverse Sealing	Netted Line /Straight Line (Optional)		
Cutting	Tooth cut/Flat Cut(Optional)		
Measuring Range	20-200ml		
Packaging Rate	10-60bags /minute		
Bag Width	50-150mm		
Bag Length	40-200mm		
Film Width	100-320mm		
Film Roll Diameter	300mm		
Bag Pulling	Stepping Motor Bag Pulling		
Power	220v,50HZ,1.2KVA		
Machine Size	(L)1100x(W)755x(H)1540		
Machine Weight	350KG		
Optional Device	Code Applying machine	Air charging System	Drilling equipment
Machine Packaging	Wooden Case
