

# SHL-3520

## Multiple Surface Labeling Machine

### Features:

- This labeling machine is for all kinds shaped objects, such as 3sides.
- Multi functions in one unit. Flat surface and double sides labeling will be satisfied at the same time.
- Bottles stand on conveyer belt when transporting. This machine could be connected to former procedure such as filling.
- Advanced electrical equipments installed, elaborate designation make labeling error less than 0.5mm.
- This machine has a wide range of application, convenient adjustment.
- Labels orientation device make the labels' position error less than  $\pm 0.5\text{mm}$
- After labeling, the failure rate is less than one ten thousandth.
- Function of alarming when lack of labels.

Technical Parameter	SHL-3520
Electric Voltage	AC220V,50/60Hz
Power	1.75KW/Hour
Labeling Speed	0-180bottles/min(depend on the length of the label)
Labeling Precision	Less than 0.5mm
Lettering machine speed	0-250times/min.(synchronize with labeling)
Container's range	Length 30-300mm Width 20-150mm Height 20-200mm
Label's range	Height 20-90mm Length 25-200mm
Max.label roll	Diam 420mm inside diam 76mm
Overall dimensions(L*W*H)mm	3200*1500*1400
