

WP-M series Dry Mix Blender Ribbon

This high-quality powder mixer is designed to provide efficient mixing for a variety of industries.

The Detergent Powder Mixer Machine Dry Mix Blender Ribbon is an essential product in the industrial machinery market. It is a machine that helps to mix dry powders efficiently and precisely. It is ideal for industrial processing, and it has a total capacity of 200-1500 kg. It is designed to mix dry powders evenly, without any lumps or clumps. The machine is made of high-quality materials that enhance its durability and efficiency. It has a unique ribbon design that ensures the powders are mixed uniformly.

Application

The Detergent Powder Mixer Machine Dry Mix Blender Ribbon is suitable for a wide range of applications, including the food and beverage industry, pharmaceutical industry, and chemical industry. It is ideal for mixing powders such as flour, sugar, spices, and other dry ingredients.

Product Features

- Uniform mixing of dry powders
- High-performance motor
- Durable and efficient
- Easy to operate
- Low maintenance

Products Parameters

Model	WP-M200	WP-M300	WP-M500
Effective Volume	200L	300L	500L
Volume	280L	420L	710
Turning Speed	46rpm	46rpm	46rpm
Overall size(mm)	1370x834x1647	1550x970x1655	1773x1100x1855
Volume of Barrel(mm)	888*554*637	1044*614*697	1219*754*835
Radius of Barrel(mm)	277	307	377
Total Power	4KW	5.5KW	7.5KW

Model	WP-M1000	WP-M1500
Effective Volume	1000L	1500L
Volume	1420L	1800L
Turning Speed	46rpm	46rpm
Overall size(mm)	2394x1320x2187	2715x1395x2313
Volume of Barrel(mm)	1500*900*1050	1800*970*1155
Radius of Barrel(mm)	450	485
Total Power	11KW	15KW
