

SH-SL25 High Speed Labeler Automatic Irregular Flat Round Shaped Liquor Beverage Bottle Labeling Machine

Main Feature

- ▶ Quick mold replacement enables labeling of cylindrical, oval, and irregular-shaped bottles.
- ▶ Supports single-side, double-side (front & back), and full wrap-around labeling.
- ▶ Compatible with ribbon coder, inkjet printer, or laser marker for date and batch printing.
- ▶ Handwheels allow fast and precise adjustment of labeling angle and position.

Parameter

- Machine model: SH-SL25
- Power Supply: 220V 50-60HZ (Customizable)
- Stepper traction: 570W
- Labeling accuracy (mm): ± 1 mm
- Labeling speed (pcs/min): 25–45 pcs/min(Stepper Motor)
- 30–60pcs/min(Servo Motor)
- Conveying speed (m/min): 5–18m/min
- Suitable label size: 20–290mm(W)*20–130mm(H)
- Suitable label roll inner diameter (mm): $\phi 76$ mm
- Suitable label roll outer diameter (mm): $\phi 280$ mm
- Suitable product dimensions: $\phi = 25-110$ mm* H= 25-150mm (Customizable according to product)
- Machine size: Approx. 3030*1360*1570mm(L*W*H)
- Package size: About 3050*1600*1840mm(L*W*H)
- Package weight: About 680kg
