

SUNHAN

SH-PG01 Automatic Chewing Gum Wood Cork Bottle Cap Can Lid Feeding Pressing Capping Machine With Vibratory Bowl Feeder

Main Feature

- ▶ Equipped with a vibratory bowl sorter for feeding caps automatically.
- ▶ Has bottle guiding structure to prevent bottles from falling down during production.
- ▶ High working speed, it can reach 1200-1800BPH.

Parameter

- Machine Model: SH-PG01
- Voltage: 220V/110V 600W
- Capping Speed: About 20-30BPM(depending on bottle and cap size)
- Bottle Size: ϕ 30-80mm(Dia)*60-200mm(H)
- Bottle Cap Diameter: Customized
- Conveyor Size: 1.5m*114mm(L*W)
- Air Pressure: 0.6Mpa
- Air Consumption: 16.68L/min
- Machine Size: About 1820*945*1395mm
- Machine Weight: About 256kg
- Package Size: About 1520*670*840mm(Capping machine)
About 990*580*840mm(Vibratory bowl)
- Package Weight: About 169+94kg
