

## High Speed Packing Machine TC-709

Our company offers high quality High Speed Packing Machine with reasonable price.

- Suitable for long or short product packing. Convey speed 20 M/min (EX: L250mm, about 30~40 pack/min)
- Sealing flattened and wraps it nicely; Scrap only 10-15mm wastage, it can save the cost of film better than L type Packaging Machine.
- Could link with shrink machine
- Suit for PE/POF/PP single layer film
