

## *Label Dispenser Machines*

Worldpack label dispenser machines can print up to 10 bottles per minute. Our machines print labels that are suitable for single side labelling, round bottle labelling, double side labelling and also for trays, boxes, vials and more. Salient features of this machine include state of the art components like a large roll capacity, high speed motor, heavy duty construction and automatic liner re-winder. The machine is extremely easy to operate and requires no training.
