

119 Series

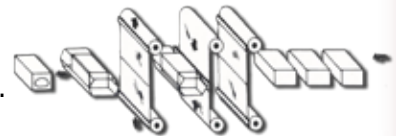

Fully Automatic Bundling Machine

The 119 Series sleeve packaging equipment is the idea choice for the packaging of large and heavy products that include beverage bottles, cans and uniform boxes. The machine is very versatile in the range of size products that it can pack and also the different configurations. The machine can be fed manually or completely automatic from the production line.

The machine are equipped with:

- PLC controlled temperature and sealing times.
- Quick change over between productions and sizes.
- Solid knife sealing blade makes a consistent seal and is long lasting.
- Top and bottom feeding station for the PE film.
- Safety guards to ensure safe operation.
