- Multiple packages with paper tray.
- Full series shrink tunnel are available for different packaging requirement.
- PLC control system can detect film running and alarm of trouble to indicate problem helping technician fix machine easy.

Specification:

SSA-600
- Power: 3Ø 220V 50/60HZ
- Machine Dimension: 2500x1400x730 (m/m)
- Sealing Bar Length: L 600 (m/m)
- Max. Package Height: H 200 (m/m)
- Heater: 0.6 (KW)
- Motor: AC 1/4HP x 1, AC 60W x 2
- Packaging Capacity: 15 (Boxes/Min)
- Air Pressure Required: 5.5 (80psi) KG/cm²

SSA-800

- Power: 3Ø 220V 50/60HZ
- Machine Dimension: 2000 x 1420 x 1600 (m/m)
- Sealing Bar Length: L 800 (m/m)
- Max. Package Height: H 300 (m/m)
- Heater: 0.8 (KW)
- Motor: AC 1/4HP x 1, AC 60W x 2
- Packaging Capacity: 10 (Boxes/Min)
- Air Pressure Required: 5.5 (80psi) KG/cm²
