

High Speed Granule Packing Machine DXDK-80Z

Feature:

- Can finish the function of bag making, measuring, filling, sealing and cutting.
- Controller adopts Chinese or English displaying, can see the working conditions directly.
- Heating sealer with 4 sides of heating control, each sealing side temperature can be adjusted separately with good heat-balance to ensure the seal in good quality.
- With intelligent photoelectric controller system.
- Metering screw is derived by step motor, so that can get higher repeat precision.
- Packing material: (PET/PE), (Paper/PE), (PET/AL/PE), (OPP/PE).
- Bag-making system adopts step motor with high precision (error is less than 1mm).
- This machine is suitable for the packing of granule products. Bag can be chosen 3-side or 4-side seal according to customer's need.
- Ribbon printer is addable according to customer's need, which can print one to three lines letter, date of produce and batch number.

Specification:

Model	DXDK-80Z
Bag Size	L: 50-115mm W: 30-85mm
Bag Type	3 or 4 sides seal
Packing Speed	50-110 bag/min
Range of Measurement	1.8-50ml
Total Power	1.55KW
Machine Weight	210kg
Machine Size	L665×W770×H1650mm
Voltage	380V or 220V or made accordingly
