

Linear Weighers (LW)

It is Suitable for weighing of granule products (such as pulses, seed, and coffee bean), tiny granule products (such as sugar, salt, seed, rice, sesame) and it is also suitable for non-food industry such as screws, bolts, plastic components, Chemical fertilizer, detergent, etc... it is good choice for, possibility of, using for manual dosing into premade packages.

Pieced spices

Granulated drinks

Dry fruits and nuts

Granulates

Main Features:

- The machine is rigid and massive
- All contact parts are made of Stainless steel ANSI 304 Cr-Ni
- Easy assembly and reassembly and cleaning
- Easy setup from one product to another
- Program can be freely adjusted according to production condition
- Weighing range: 250gr - 25000gr.
- Speed: Up to 40 w/min (depends on products specifications and weight)
- Power requirement: 220V, 50Hz, mono faze
- Accuracy: Depends on the Weight and the Density
- Bucket size: 10 liters (special designs available also up to 40 liters)
- Number of Heads: available in 1 head, 2 heads and 4 heads

Technical Spec:

Dimensions	LW-2	LW-4
Width	1200 mm	1400 mm
Length	1200 mm	1400 mm
Height	1213 mm	1235 mm
Weight	2000 kg	1200 kg
Technical Data		
Number of scales	2	4
Weighing Range	250gr-10000gr	250gr-10000gr
Sensitivity	0.8 gr	0.5 gr
Speed	30 weights / min	45 weights / min
Weighing Total Volume	4 Liters	4 Liters
Same And And Dissected Products	1	1
Number of Outputs	1	1
Power Requirement	220V 50hz 1KW	220V 50hz 1.5KW
