

Piston Linear Viscous Filling Machine TOPKING-T-10/20/30/40

It can fill liquid or some viscosity material, such as tomato paste, chili paste, cream, sun block cream, peanut butter, strawberry jam, toothpaste etc. The final package can be small sachet, bag, bottle, can, plastic tube etc. It's widely used in food industry, chemical industry and others.

Technical parameters:

Machine model	TOPKING-T-10	TOPKING-T-20	TOPKING-T-30	TOPKING-T-40
Filling speed	10-35 pcs/min(take water for example)			
Filling range	2-125ml	2-250ml	50-500ml	100-1000ml
Air pressure	0.4~0.6mpa			
Filling error	±1%			
Machine size	806(L) × 180(W) × 690(H)mm	880(L) × 230(W) × 665(H)mm	880(L) × 230(W) × 665(H)mm	1065 (L) × 230(W) × 665(H)mm
Machine weight	30 Kg	35Kg	40Kg	45Kg
