

Granule Dried Fruit Nuts Packaging Machine CBW-E240/E480/E720

The machine can be used for powdery and granulated material such as milk powder, solid drink, white sugar, dextrose, fodder, pharmaceuticals, agriculture pesticide, granular additive, dyestuff, etc. material automatic packing into bags with high speed and accuracy.

Technical Features

- ◆ Single Head V/F/F/S packing machine.
- ◆ OMRON Touch Screen display, can convert to english version.
- ◆ 1000W Panasonic Servo drive horizontal end-seal, 400W Panasonic Servo drive vacuum belt film pulling system, SHIMPO reducer.
- ◆ Japan brand ORTON Vacuum pump.
- ◆ OMRON PLC controller system.
- ◆ SICK eye mark sensor used on the bagging machine
- ◆ 1 unit Concavo-convex style former unit (SUS304).
- ◆ OMRON temperature control table.
- ◆ Machine frame : SUS304
- ◆ Thickness of machine frame:3.8-4mm
- ◆ This machine can be customized to make gusset bag, 3-side, 4-side seal bag, stand-up and triangle bag.

Optional device:

- ◆ Gusset device
- ◆ Tear Notch device
- ◆ Nitrogen filling device and exhausted air device
- ◆ Date printing function
- ◆ Static eliminator
- ◆ Film tracking device
- ◆ Material stopper device
- ◆ Dust removing device
- ◆ Chain bags & multi-bags half cut-off function
- ◆ Hole punching device
- ◆ 4 side seal device
- ◆ Date printing (ribbon/thermal transfer)
- ◆ PE sealing device
- ◆ Film sucking and unfolding device
- ◆ Film tracking device
- ◆ Bag support device
- ◆ Prevention broken bag device

Technical Specification

Model	CBW-E240	CBW-E480	CBW-E720
Bag length	55-1500mm	80-330mm	100-500mm
Bag width	40-110mm	100-230mm	100-350mm
Max. film width	240mm	480mm	720mm
Packing speed	10-100bags/min	15-100 bags/min	10-75 bags/min
Air consumption	0.6Mpa 400L/min	0.6Mpa 200L/min	0.6Mpa 280L/min
Power supply	AC220V/380V,50-60HZ,4.5KW	AC220V/380V,50-60HZ,4.5KW	AC220V/380V,50-60HZ,5KW
Machine size	L1575*W1392*H1602mm	L1400*W1100*H1550mm	L1433*W1702*H2044mm
Machine weight	550Kg	450Kg	650Kg
