

OC-200A Granule Sugar Salt Snack Packing Machine

The Granule Sugar Salt Snack Packing Machine is suitable for food processing industry. This machine integrates automatic weighing, bag making, filling, sealing, automatic built-in label, printing and counting. Touch screen control, man-machine relationship is more good, the operation and use are very convenient. Its packaging speed can reach 30~80 bags/min, which can greatly save time and cost.

Our Granule Sugar Salt Snack Packing Machine adopts the imported PLC control system and color touch screen to make the operation simple and efficient. Packing bag type is various, we can provide customers with pillow bag, sandwich bag, hanging hole bag, one-piece bag, etc. In addition, it adopts imported servo film delivery system and imported color standard sensor for accurate positioning, excellent machine performance and beautiful packaging. It also has a variety of automatic alarm protection functions to minimize the loss.

Application:

Granule packing machine applicable to the packaging of loose rounded granules in the pharmaceutical, food, chemical and other industries. Such as: puffed granules, peanuts, melon seeds, rice, seeds, pepper, corn kernels, popcorn, sugar, salt, biscuits and other granular solid materials packaging.

Specification:

Model	OC-200A
Filling Range	1~100ml
Packing Speed	30~80 bags/min
Bag Length	30~180mm
Bag Width	15~100mm
Machine Size	640*700*1580mm
Machine Weight	300kg
Machine Power	220V,50/60HZ,1.2KW
