

XS-A2 Semi-automatic granule packing machine

Capability and Characteristic :

Range of application: dosing and weighing of small grain, powder material of daily food and condiment such as white sugar, salt, seed, rice, sodium glutamate, fodder, milk powder, coffee and sesame, etc.

- High precision data-type weighing sensor realizes precise weighing.
- Microcomputer control system with double vibration feeding and imported instrument; advanced technology and simple operation.
- Stainless steel sealed machine body; corrosion resistance and dust resistance.
- The measuring hopper can be disassembled rapidly; and it is convenient in cleaning and maintenance.

Technical Parameters:

Model	XS-A2
Packaging weight(Max)	1000g
Packaging accuracy	±0.5-1g
Packaging speed	≤50bags/min
Display Screen	LCD with digital keypad
Gross/weight	271/220Kg
Power	220V 50-60Hz/1000W
Dimension	1010 X 960 X 1207mm
