

BTB-290 Cellophane Wrapping Machine

Cellophane wrapping machine BTB-290 with packing speed 30-70packs.min is widely used in various perfumes, cosmetics, skin care products, medicines, health food, condoms, cigarette boxes, contact lenses, candy/chocolate boxes, playing cards, stationery, CD/DVD boxes, various magnetic discs, etc. Quickly adjust and pack products of different sizes.

The cellophane film is transparent in appearance, waterproof, moisture-proof and anti-oxidation. The cellophane packaging machine has a wide range of uses and can be used for food, medicine, cosmetics, health care products, stationery, etc. The cellophane packaging machine is carefully designed to meet different levels of three-dimensional transparent film packaging requirements.

Features:

- ★ Compact and reasonable structure, stable and advanced performance, easy operation and maintenance, and the outer frame is made of stainless steel;
- ★ Adopt multi-function digital display frequency converter, stepless speed change;
- ★ With automatic feeding, automatic counting and other functions;
- ★ The transmission part is equipped with various protection devices and fault prompts;
- ★ Equipped with film feeding clutch for test machine, no waste of packaging materials.
- ★ The packing speed adopts frequency conversion speed regulation, which can reach 30-70 packs/min according to different packing items.

Technical Data

Model	BTB-290
Packaging material	film and gold tear tape
Packing speed	30~70 packs/min
Max.package size	(L)60-260×(W)30-160×(H)15-70mm
Power	220V 50Hz 5kw
Machine weight	380kg
Machine dimensions	(L)1500×(W)850×(H)1700mm
