

LD 8200D/ 8300D Fully Auto Standup Pouch Powder Doypack Filling Packing Machine with Auger Weighting

Landpack powder premade bag packing machine is widely used in food factory, chemical factory, suitable for packing all kinds of powder product, such as, rice flour, coffee powder, sulfur powder, milk powder, seasoning powder, etc. According to customer needs, the machine can use stand up bag, gusset bag, zipper bag, pouch, three sides seal, four side seal etc. bag types.

Features:

1. Optional Six/Eight position Doy Packing Machine
2. Be equipped with automatic diagnostic & safety & alarm system, make it most to ensure personal safety and reducing material loss;
3. Can be equipped with remote diagnostic system, help customer to troubleshooting in minimum duration;
4. Can be equipped with self-lubrication system, prolong mechanism life, and reduce labor cost;
5. Can be equipped with pouch width adjustable mechanism, unit can be converted to different pouch just by one button in few seconds;
6. Unit made by highly strict manufacturing process, most components is providing by international top brand;
7. Comply with International Safety & hygienic Regulation, each unit shall pass safety, Rosh, physical properly and function test;
8. Attractive appearance, simple operation, reliable performance, low failure rate;

Technical Parameters

Model	LD 8200D/ 8300D
Bag Size	Width:80-210/200-300mm, Length:100-300/100-350mm
Filling Volume	5-2500g (Depending on type of products)
Capacity	30-60bags/min (The speed depends on type of products and packaging material used)
	25-45 bags/min (For zipper bag)
Package Accuracy	Error \leq ±1%
Total Power	2.5KW (220V/380V,3PH,50HZ)
Demension	1710*1505*1640 (L*W*H)
Weight	1480KGS
Compress Air Requirement	\geq 0.8m ³ /min supply by user
