

LDSP-160D Automatic Powder Horizontal Doypack Packaging Sealing Machine With Auger Head Filler

It is suitable for packing pesticide powder, protein powder, flour powder, coffee powder, veterinary drug powder, feed additives, veterinary drug disinfectant, organic fertilizer, and another powder packaging.

Features:

- The width of the bags could be adjusted by an electrical motor.
- With different feeders changed: could pack solid, granule, liquid, thick liquid, powder, etc.
- Frequency conversion adjusts the speed: can be adjusted within the range according to the needs of reality in production.
- Horizontal conveyer style to giving bag: it can put on more bags on the bag storage and have a low requirement about the quality of bags.
- Easy to operate: adopt advanced PLC from Germany Siemens, mate with touch screen and electric control system, the man-machine interface is friendly.
- The machine adopts Stainless steel 304 appearance, and some accessories are processed with acid and salt-resistant anti-corrosion treatment layer.

Specification:

Model	LDSP-160D
Packing material	3-side, four edge-sealing bag, self-reliance bag, handbag, spout bags, zipper bag, compound bag, etc
Size	W : 160-230 mm
Filling range	10-1000g
Packing speed	20-45 bag/min (speed is determined by the product filling quantity)
Average precision	$\leq \pm 1\%$
Total power	2 KW
Weight	800 KG
