

CHS-6605A Random Automatic Top Flap Folding Carton Sealer | Top & Side Belt Drive

Features

- Carton dragging by Top & Side belts with independent motors
- Automatic adjustment of carton width and height. Continuously produce random cartons.
- Have both of regular mode (random sizes) and memory mode (uniform size)
- Pneumatic flap folding. To closes all top flaps and seals the top & bottom of carton
- Carton sealer is designed with a stable four-column support structure
- Suitable for big and heavy boxes especially
- Can bear up to 35kg loading
- Stainless roller table for carton movement
- Carton sealing: top and bottom
- The tape head is developed and produce by CHA PACK, the length of tape that can be placed up to 900m. (260mm diameter)
- Dual telescoping mast with cushion. Adjust the unevenness of the carton.
- Machine with mobile locking casters, easy to move anywhere
- Emergency stop on top taping head for quick access
- Side mounted compression rollers for tight seals can be available as an option
- Parts are manufactured with mold.- Stable quality, Short lead time
- Machine can be available with other equipment's, e.g:
 1. Labeling mc.
 2. Weighing mc.
 3. Inkjet Printers
- Combine with case erector, or case strapped or pallet wrapper for end of line packaging automation
- Machines are designed and produced by ourselves. Rugged design, low maintenance rate
- 90% self-production rate, 100% Made in Taiwan.

Specification

Model	CHS-6605A
Function	Top & Side belt driven
Power Supply	1 phase,110V/ 220V/240V
Tape Width	2" or 3"
2" & 3" Tape Sealing size	L300-500mm, W150-500mm, W150-500mm
Tape overlap	L60±5 (mm) standard
Working table height	570-770mm
Conveyor Speed	20 M/min
Capacity	4~5 cases/mins. (Random sizes)
	6~8 cases/mins. (Uniform size)
	(Data is for carton length=300mm)
	Depending on box size and operator efficiency.
Machine dimension	L1960xW1120xH1625mm
Air compressor	6kg/cm ²
