

TAFM-4PM-S Servo-driven Linear Piston Bottle Filling Machine

Oil Toner Hummus Paste Bottle Servo Linear Piston Filling Machine 100-1000ml Chinese piston ratio, integrating electromagnetic and pneumatic components. Both electrical and pneumatic components are well-known brands, controlled by touch screens and PLCs. Reasonable design, compact structure, and beautiful appearance. It has the characteristics of stable and reliable performance, high filling accuracy, strong adaptability, simple operation, and convenient maintenance.

Technical Parameters

Model	TAFM-4PM-S(Lifting filling head)
Nozzles qty	1 2 4 6 8 10 12
Voltage	110-60HZ 220V-50HZ
Power	1500W
Air Consumption	0.4-0.6MPa
Filling Accuracy	±1%
Working Speed	20-50 bottles/min(based on material)
Size Of Filing Nozzle	φ10mm
Size Of Air Compressor Connector	Φ8mm
Filling Range	10-120ml, 50-500ml,100-1000mL/250-2500ml/500-5000ml
Machine Size	About 3000*800*1750mm
Packaging Size	119*90*205cm
Net weight/Gross weight	About 300kg/280kg
