

SH-AFC7D Monoblock Automatic Desktop Servo Peristaltic Pump Hair Oil Nail Gel Polish Thick Liquid Filling Capping Machine

Main Feature

- ▶ This monoblock packaging machine can finish bottle sorting, liquid filling, cap feeding & capping in one machine. With sound reducing box to reduce noise during working.
- ▶ Using servo peristaltic pump, liquid will only pass through the hose to ensure the cleanliness and filling accuracy.
- ▶ Suitable for filling liquid or thick liquid like hair oil, nail polish, nail gel, eye serum, etc.

Parameter

- Machine model: SH-AFC7D
- Power: 220V 60HZ,1000W
- Filling pump: Peristaltic Pump
- Recommended filling range: 10-100ml
- Hopper size: 30L
- Maximum flow rate: 4L/min
- Suitable bottle height: 30-120mm
- Suitable bottle diameter: About 20-50mm
- Suitable cover size: H≤10-30mm φ ≤20-50mm
- Working speed: About 20-30 bottles/min
