

MT-50 Semi Automatic Electrical Labeling Machine

The MT-50 Semi-Automatic Round Bottle Labeling Machine is your versatile, cost-effective solution for applying adhesive labels to a wide variety of cylindrical products. Engineered for small-to-medium batch production, this machine is perfectly suited for manufacturers requiring flexibility and high precision without the commitment of a fully automated line.

Technical Parameters

Model	MT-50
Voltage	110V/220V 50/60HZ
Power	40W
Width of Label	10-130mm
Length of Label	10-190mm
Speed	10-15 pcs/Min
Machine Size	660*340*445mm
Weight	30KG
