

## *VLD Automatic Adhesive Sticker Labeling Machine*

VLD Automatic Adhesive Sticker Labeling Machine is suited for any round or cylinder bottles. The max labeling speed can reach 26 meters/min.

### **Features:**

1. PLC control program, easy operating, super touch screen, easy reading.
2. It is can be rapidly production between different product
3. Materials are made of stainless steel and aluminum alloy, adhering to GMP standards.

### **Technique Parameter:**

Power supply	AC 220V ; 50Hz
Power capacity	1.2Kw
Labeling Speed	0-26 m/minute
Nside diameter of the roll	Φ75mm
Maximum outside diameter of the roll	Φ350mm
Standard height of the labels	below 130mm
Maximum height of the labels	200mm
Weight	180Kg
