Double Side Labeling Machine CX-SMT

Product Characteristics:

1. Adopt mature PLC control system technology, make the whole machine stable and high-speed
2. Can be suitable for square /round/oval flat bottles at the same time
3. Use touch screen control system, make operation simple, practical and efficient
4. Upgraded butterfly labeling station design, can be applied for conical bottle labeling
5. Screw adjust the suppression mechanism, high accuracy
6. Synchronization chain mechanism, to ensure smooth and precise calibration
7. Transparent sticker labeling without foam, adhesive sticker labeling without wrinkle
8. Widely used and mutil-function with high flexibility
9. Date/code printer is for optional
10. Transparent label sensor is for optional
11. Can be customized according to your requirement

Technical Parameters:

Voltage	220V, 50HZ
Power	2KW
Labeling Speed	20-120bottles/min, 150-200bottle/min
Labeling Accuracy	±1mm
Printer to use air	5 kg/cm2
Object Size	30-200 mm(H),30-100 mm(W)
Label Size	25-300 mm(L),20-180 mm(W)
Roll Size	76 mm(Inside),380 mm(Outside)
Dimension	2800(L)×1600(W)×1500(H) mm
